A New Court Order is now posted on the BMA Website

In the matter of Corbin McNeill v C.P. Boulders LLC, on Monday, August 3, 2026, the Honorable Stephen McNamee issued an order setting a new date for the defendant to file responses to the plaintiff's motions. The order explains why a new date was established. ***Read the order using the button outlined in red below.***

Motions for partial summary judgement filed by both parties on June 5, as well as their responses and related statements of fact and exhibits filed on July 24 are all posted on the BMA website on the Lawsuit page under the Documents tab.

The court’s next step is to rule on the motions, and the scheduling order does not set a deadline for those rulings.

We will update you when there are further developments.

Court's Order 8-3-2026
